Memo No. 10-2/2018/DRRI/

Dated:

OFFICE ORDER

River Research Institute, West Bengal is a premier research Institute under the Irrigation & Waterways Department having pioneering research in the field of River Engineering, Water resources management, soil erosion, bank protection etc., across the State of West Bengal. The research reports of this Institute is accepted by the Irrigation & Waterways Department to frame its policies for water management across the state.

This research Institute initiates steps to keep itself updated with latest methodology of research activities and in doing so it interacts with the imminent research personnel other Institutes/Departments of the state, country and even foreign to learn better. This Institute also, opines that by learning and sharing the knowledge acquired will make the world more resilient and become resistant to the destructive act of doing pollution to the valuable natural resources of this world. Learning will enrich and escalate the effective mind hours of our Officers and staff which will ultimate increase in their productivity.

As per discussion held in different important meetings with the higher officials of I&W Deptt, it transpires that there is a paucity of skilled personnel knowing the usage of latest methodology and technique in the field of River Engineering, Water resources management, soil erosion, bank protection etc. Therefore, to overcome such paucity need is felt to develop the employees skilled and knowlegible. So, River Research Institute, West Bengal has decided to impart training on different topics through out the year to the aspirants who is willing to learn and give more to the society. Therefore, a committee is hereby constituted with the following officers of the Institute to prepare the training calendar:

1. Dr. A Kar, Deputy Director(Hyd), Gr-A, River Research Institute, West Bengal - Chairman
2. Executive Engineer, Sunderban Delta Project, Mohanpur Nadia- Member
3. Deputy Director(Engg), River Research Institute, West Bengal – Member
4. Sri S. Sarkar, Deputy Director(SM & Ch), RRI, W. Bengal – Member
5. Dr. Partha Basu, Research Officer(SM), RRI, W. Bengal - Member
6. Assistant Engineer/SDO-II, RRI, West Bengal - Member
7. Sri S. Chattopadhyay, ARO, RRI, West Bengal – Convener

The scope of work of the Committee will be as follows and the committee will keep updated the undersigned periodically in this matter.

- Preparation of training calendar considering the Financial year.
- Preparation of training material.
- Selection of training participants
- Selection & engagement of resource personnel
- Preparation of budgetary estimate for training in the Financial Year
- Exploration of new technique & methodology for training in connection with climate change, Sea-Level rise and anthropogenic activities on upland and estuarine of rivers.
- Impact on rivers in connection with population burden, pollution & political conflicts
- Holding monthly review meeting for validation of the training program.
- Generation of training reports and their distribution.

The training program for the year 2025 is to be submitted within 1st Week of April and then for 2026, the training calendar to be published within 15th December of the 2025.

This is with immediate effect and until further orders.
